

## Accessories

vicotar®

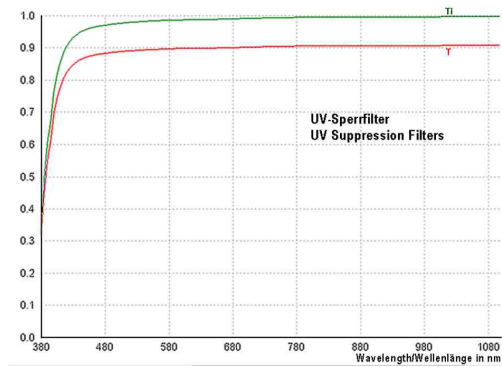

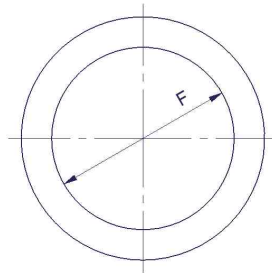

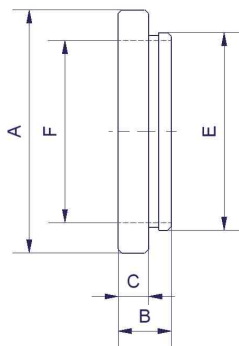

UV suppression filter / protection glass

### Product features

- UV suppression filters are used as protection
- Cut off wavelength up to 350 nm
- Non-reflecting
- Standardized thread

### Drawing and spectral transmissivity

### Notes

## Accessories

vicotar®

UV suppression filter / protection glass

### Optical data

| Name                        | Order no. | External diameter A [mm] | B [mm] | C [mm] | E         | Free inner diameter F [mm] |
|-----------------------------|-----------|--------------------------|--------|--------|-----------|----------------------------|
| UV M19 x 0,5                | 2-91-122  | 21                       | 6,5    | 4,3    | M19×0,5   | 15,8                       |
| UV M20,5 x 0,5              | 2-91-121  | 23                       | 5      | 1      | M20,5×0,5 | 18                         |
| UV M25,5 x 0,5              | 2-91-205  | 27                       | 6,5    | 4,3    | M25,5×0,5 | 22                         |
| UV M26 x 0,5                | 2-91-123  | 32                       | 7      | 4      | M26×0,5   | 24                         |
| UV M27 x 0,5                | 2-91-206  | 29                       | 6,5    | 4      | M27×0,5   | 25                         |
| UV M30 x 0,5                | 2-91-207  | 32                       | 6,5    | 4      | M30,5×0,5 | 26                         |
| UV M34 x 0,5                | 2-91-208  | 40                       | 15     | 5      | Ø 34 mm   | 30                         |
| UV-filter with socket joint | 2-91-128  | 44                       | 15     | 2      | Ø 34 mm   | M30,5×0,5                  |
| UV M35 x 0,5                | 1-91-010  |                          |        |        |           |                            |
| UV M35,5 x 0,5              | 2-91-202  | 37                       | 7      | 4,5    | M35,5×0,5 | 32                         |
| UV-filter with socket joint | 2-91-127  | 40                       | 15     | 2      | Ø 35,5 mm | M30,5×0,5                  |
| UV M39 x 0,5                | 2-91-120  | 40,5                     | 7      | 5      | M39×0,5   | 35                         |
| UV M40,5 x 0,5              | 2-91-200  | 42                       | 6,5    | 4      | M40,5×0,5 | 36                         |
| UV M46 x 0,75               | 2-91-201  | 48                       | 8      | 5,5    | M46×0,75  | 41                         |
| UV M52 x 0,75               | 2-91-124  | 54                       | 6,5    | 4      | M52×,75   | 48                         |
| UV M54 x 0,75               | 2-91-129  |                          |        |        |           |                            |
